**Purpose**
The purposes of this policy are to establish who is eligible for Youth programs funded with WIOA and Blue Collar funds and to provide guidance on how to document the required eligibility. In order to be considered a participant enrolled in Youth program, all required eligibility must be documented unless it is specifically specified otherwise in this policy or the agreement/contract. This policy replaces ETO policy 14.8 for Youth Programs only.

Criteria for In-School Youth Enrollment

To be enrolled in the WIOA funding - a youth must meet all three categories (general eligibility, at least one youth barrier, and economic eligibility (low income). To be enrolled in the BC funding - a youth must meet the first two categories (general eligibility and at least one youth barrier). See definitions listed below.

As with the Common Measures, performance measures under WIOA, count those youth that exit as attending secondary school as a negative outcome for federal performance purposes. For this reason – if a contractor plans to enroll a youth prior to their senior year, prior approval from their contract manager is required.

For those youth who are 14 and 15 at the time of enrollment, who are not immediately being enrolled into a work experience, summer employment, or internship the contractor has up to six months to obtain and enter their Social Security Number into DJL. If the Social Security number is not obtained after the six month period, the youth will have to be exited from the program.

*PLEASE NOTE* When documenting general eligibility, youth barrier and low income the use of a self-certification should be kept at a minimum and will require prior approval from your Contract Manager.

ETO Policy 16-Documentation of Program Eligibility - Youth Programs

Timeframe for eligibility: documentation for Youth Barrier(s) and Low Income status must document that the youth met the definitions within the 6 month period prior to the eligibility date (date youth was determined to be eligible).

Youth contractors are encouraged to identify as many barriers that exist for each applicant. Contractors must document one barrier for eligibility to be established. The barrier chosen to meet the eligibility test will be documented with documentation other than a Self-Certification. For all additional barriers contractors are permitted to use Self-Certification when permitted (These barriers are identified with an asterisk.)

In addition, all youth must also meet the population definition as defined within the agreement and/or request for proposal.

All eligibility will be documented and verified.

It is important to note that verification is far different than hard copy documentation.

Verification means to confirm eligibility requirements through examination of official documents: for example, birth certificates, public assistance records, or speaking with official representatives of cognizant agencies.

Documentation means to maintain physical evidence, which is obtained during the verification process. Documentation to support Eligibility will be uploaded in Delaware Job Link (DJL). Such evidence would be copies of documents, completed telephone/document inspection forms, and signed self-certification statements.

All Youth enrollments must verify and document the General Eligibility criteria, at least one of the youth barriers listed, and for youth enrolled in WIOA funding (if applicable) low income must be documented. All enrollments must be determined eligible through verifying and documenting these items prior to the start of the program.

All youth must meet General Eligibility, which consists of Citizenship or Eligible to Work, Social Security Number, Residency, Age, and Selective Service Registration.

Citizenship or Eligible to Work – participation in programs and activities financially assisted in whole or part under DWDB / Delaware Department of Labor (DDOL) / Division of Employment and Training (DET) shall be open to citizens and nationals of the United States, lawfully admitted permanent resident immigrants, lawfully admitted refugees and parolees, and other individuals authorized by the Attorney General to work in the United States (applies to all programs under Blue Collar).

Social Security Number – all clients shall provide documentation of their social security number.
Selective Service Registrant – the Secretary shall ensure that each individual participating in any program established under DWDB / DDOL / DET or receiving any assistance or benefit under Blue Collar, has not violated Section 3 of the Military Selective Service Act (MSSA) (50 U.S.C. App. 453) by not presenting or submitting to registration as required pursuant to such section. The Director of the Selective Service System shall cooperate with the Secretary in carrying out this section.

Note: Males born after December 31, 1959 must register with the selective service system within 30 days after their 18th birthday or at least before they reach the age of 26.

The contractor may make a request to DOL/DET to waive the selective service requirement for males who did not register for selective services because they were either exempt from registering (see Attachment B for allowable exemptions) or failed to register. In all cases, exemptions must be documented, or a letter from the client must be written explaining why they failed to register. The documentation or letter must be submitted to DOL/DET with the request to waive the selective service requirement prior to enrollment. DOL/DET has sole discretion to approve or deny such requests. Approvals will be kept to a minimum.

Age – is age 14-24 at the time of enrollment.

Residency – participation in a program administered by the DWDB / DDOL / DET shall be open to all residents of Delaware. Residency is determined at time of application. Exceptions to Delaware residency may be permissible if approved by DET/DWDB. Requests to serve out of state residence should be sent to DOL/DET prior to enrollment. DET/DWDB has sole discretion to approve or deny requests. Approvals will be kept to a minimum. An exception to Delaware residency will be allowed if the youth is enrolled in a Delaware school and lives in a town split by state boundaries: for example, Delmar and Marydel.

All youth must meet at least one of the youth Barriers:

Selective Service Registration

In accordance with Section 189(h) of the Workforce Investment Act, which states that the U.S. Secretary of Labor shall insure that each individual participating in any program established under this Act, has not violated Section 3 of the Military Selective Service Act (50 U.S.C. App. 453) by not presenting and submitting to registration as required pursuant to such section.

WHO MUST REGISTER

Almost all male U.S. Citizens and male aliens living in the U.S., who are 18 through 25, are required to register with Selective Service. It’s important to know that even though he is registered, a man will not automatically be inducted into the military. In a crisis requiring a draft, men would be called in sequence determined by random lottery number and year of birth. Then, they would be examined for mental, physical, and moral fitness by the military before being deferred or exempted from military service or inducted into the Armed Forces.

A chart of who must register is available below.

NON-CITIZENS
Some non-citizens are required to register. Others are not. Non-citizens who are not required to register with Selective Service include men who are in the U.S. on student or visitor visas and men who are part of a diplomatic or trade mission and their families. Almost all other male non-citizens are required to register, including undocumented immigrants, legal permanent residents, and refugees. The general rule is that if a male non-citizen takes up residency in the U.S. before his 26th birthday, he must register with Selective Service. For a more detailed list of which non-citizens must register, see the Who Must Register for Selective Service Chart.

DUAL NATIONALS
Dual nationals of the U.S. and another country are required to register, regardless of where they live, because they are U.S. nationals.

HOSPITALIZED OR INCARCERATED MEN
Young men in hospitals, mental institutions, or prisons do not have to register while they are committed. However, they must register within 30 days after being released if they have not yet reached their 26th birthday.

DISABLED MEN
Disabled men who live at home must register with Selective Service if they can reasonably leave their homes and move about independently. A friend or relative may help a disabled man fill out the registration form if he can’t do it himself.

Men with disabilities that would disqualify them from military service still must register with Selective Service. Selective Service does not presently have authority to classify men, so even men with obvious handicaps must register now, and if needed, classifications would be determined later.

FULL-TIME MILITARY EXEMPTED FROM REQUIREMENT
Young men serving in the military on full-time active duty do not have to register. Those attending the service academies do not have to register. If a young man leaves the military before turning 26, he must register.

NATIONAL GUARD AND RESERVES
Members of the Reserve and National Guard not on full-time active duty must register.

CONSCIENTIOUS OBJECTORS
Men who would be classified as conscientious objectors if they were drafted must also register with Selective Service. If a draft begins and they are called, they would have the opportunity to file a claim for exemption from military service based upon their religious or moral objection to war.

Self-Certification Requirements

After review of the eligibility criteria, along with possible ways to verify the criteria, it was found that much of the verification was readily available through a number of agencies or sources. In some cases, definitive verification is required (e.g., eligibility to work (I-9 requirements under IRCA) and Selective Service Registration or exemption for males.

WIIN 3-99, Change 2 allows for the use of Self-Certification to verify those items that in some cases are not verifiable or may cause undue hardship for individuals to obtain. A Self-Certification may be used after all practicable attempts to secure verification have failed.

In order to utilize the Self-Certification as verification, the Self-Certification Form, or facsimile, must be utilized.

Use of the Self-Certification Form is as follows:

If an applicant states that he/she cannot provide evidence that no income was received during the past six months, and that he/she was unemployed for that period, the blank spaces following the words “I certify, under penalty of law, that the following information is true” must be completed. For example:

“Have received no income from any source during the past six months, I have been unemployed during that time, and have been supported by donations/contributions from relatives and friends.”

NOTE: When using the “Self-Certification” form, the “Counselor's Signature/Date” found in the “Certification” block must be completed. The “Reviewer's Signature/Date” is to be completed by the Case Manager/Contract Intake Staff Supervisor.

INSTRUCTIONS FOR COMPLETING STATEMENT OF FAMILY SIZE

This form is required for Youth participants (WIOA and BC). In cases where the recommended verification sources of Family Size verification are unavailable (birth certificates or 1040 Form), this form is used to document family size. When the form is used to document family size, a corroborating witness (cannot be family member listed on form) must complete the section indicated on the form.

The purpose of this form is to summarize the applicant’s family size at time of registration and to identify whom to capture income documentation for. This entails verifying the size and makeup of the applicant’s FAMILY (see definition below).

The applicant should complete the Statement of Family Size with the assistance of intake staff to ensure it is completed correctly. The applicant will then take the form to have it signed by a witness who can corroborate the given information.

**Family** – two or more persons related by blood, marriage, or decree of court, who are living in a single residence, and are included in one or more of the following categories:

(A) a husband, wife, and dependent children.
(B) a parent or guardian and dependent children.
(C) a husband and wife.

A dependent child is defined as a child:
- Under age 19 at the end of the previous calendar year, or
- Under age 24 at the end of the previous calendar year and was a student.

A dependent child was a student if he or she:
- Was enrolled as a full-time student at a school during any 5 months of the previous calendar year or took a full-time, on-farm training course during any 5 months of the previous calendar year. The course had to be given by a school or a state, county or local government agency. A school includes technical, trade, and mechanical schools. It does not include on-the-job training courses or correspondence schools.

Also, regardless of residence and/or citizenship, anyone claimed as a dependent on another person’s Federal Income Tax return for the previous year shall be presumed to be part of the person’s family for the current year. To negate this assumption, the person who was claimed as a dependent for income tax purposes would be required to provide information that demonstrates the individual is no longer financially dependent.

In applying the definition of family, runaway youth, emancipated youth, and court adjudicated youth separated from the family through involuntary temporary residence elsewhere (e.g., institutionalized, incarcerated, or placed as a result of a court order) shall not be classified as dependent children.

An individual with a disability whose own income is at or below the Poverty Line or 70% of the Lower Living Standard Income Level may be treated as a family of 1.

**Family Income** – for the purpose of determining WIOA income eligibility, list the total income received by you and members of your family from (1) gross wages and salaries (before deductions); (2) net self-employment income (gross receipts minus operating expenses); and (3) other money income from sources such as net rents, social security, pensions, alimony, government and armed forces retirement payments, insurance policy annuities, and other sources of periodic income.

Telephone/Document Inspection Verification Requirements

Introduction

Youth eligibility criteria may be verified by telephone contacts with cognizant governmental or social service agencies, or by document inspection. The information obtained must be verified by recording the information on the standardized form that follows. Information recorded must be adequate to enable a monitor or auditor to trace back to the cognizant agency or the document used. Telephone verification must include the name of the agency representative providing the verification information.

In some cases, the information provided by an agency through telephone contact may be sufficient to satisfy multiple Youth eligibility criteria.

Verification of eligibility through document inspection is appropriate when documents cannot or may not be machine-copied.

Agencies that may assist in verifying via telephone are as follows:

- Local Schools
- Social Security Administration
- Veterans Administration
- Medical and health facilities
- Vocational rehabilitation facilities
- Drug and alcohol rehabilitation facilities
- Housing authorities
- Homeless shelters
- Judicial agencies and institutions
- Other State and local government agencies

Income Verification Methods

Introduction

This form needs to be completed when the youth was documented as being low income for either letters B or F of the low income definition. When income is used to document low income status, the eligibility is based on the income of the family. Family income will be documented as described in Attachment “D”. The verification of income is accomplished through the combination of three forms as follows:

- Statement of Family Size (Attachment F)
- Family Income Worksheet (Attachment H)
- Supporting Documentation (i.e. paystubs or Self Certification in extraordinary circumstances)

The Family Income Worksheet is used to summarize the family income for the family members entered on the Statement of Family Size (Attachment F). Family income is subject to the definitions of Family and Includable Family Income.

A separate section of the Family Income Worksheet will be completed for each applicant and family member over 15 years of age. When the individual has no income, “no income” should be written on the Annualized Total line. For family members with wages/salary, the form will be completed as specified, identifying, the periods of work, and the amount of income for the period. For individuals with other includable income, the type of income and amount of income will be provided.

Income is calculated for the six (6) month period prior to application. It is then doubled to obtain the individuals annual income. When this has been completed for all the family members, the individual family incomes are totaled to obtain the total annual family income. The total annual family income is then compared with the appropriate income table.

The form will also be used to document excludable income when it assists in verifying the support of the family.
